A CELEBRATED TRAVELER AND HER VALUABLE ASSISTANCE TO SCIENCE.

Women, Men, and Dress—Spring Millinery—Mme. Adam on Her Country—Women—Civilized to Woman—Sorosis' New President—Will Wear Short Skirts.

One of the most distinguished woman travelers of the day is Alice Le Plongeon, wife of the explorer, Dr. Le Plongeon. She has recently been honored by a request from the Geographical Society of Paris for her photograph, to place in its album of celebrated travelers, in recognition of her services to science.

Mme. Le Plongeon was born in the great city of London. Her girlhood was uneventful as that of most maidens who are kept to their studies and allowed very few frivolous pleasures. Her ambition was to travel over the world. When yet in her teens, she met Dr. Le Plongeon in the libraries of the British Museum, having transferred thither from California for the special purpose of studying certain old Spanish manuscripts. Alighted, they sat together the learned men and the schoolgirl.

Their wedding journey was a long one—across England to Yucatan—and Mme. Le Plongeon has the distinction of being the only woman who has lived among the fiercest and most primitive tribes in the forests of Central America. She captured much hardship and escaped numerous dangers during her 12 years' residence in Yucatan, but the many real

The operation is promptly reversed by Dr. Pierce's Golden Medical Discovery. It invigorates the digestion and appetite and makes assimilation perfect. It builds up and purifies the blood. It makes new which it causes to be carried off. It drives out all disease-germs. Thousands of cases have been successfully cured.

Miss Lillian Pierce, of East Bethlehem, Washington Co., Pa., writes to me, telling you of the great benefit derived from the use of your "Golden Medical Discovery." Last summer my friends thought I was surely going to die, but I took your bottle and soon recovered. I took one bottle. My cough was gone in a week, all the distressing symptoms, and in fact the cure seemed almost miraculous to all who saw me."

Dr. Pierce's Pleasant Pellets are tiny sugar-coated granules that are an unfailing and permanent cure for constipation.

Civility to Women.

At Thirty-fourth street and Lexington avenue one recent evening the passengers from a down town car attempted to decent themselves into a cross-town car. There were the usual hustle and hurry, the customary jostle and jostle, incident to such operations. Also usual and none the less customary was the fact that of the 18 men and 2 women who constituted the decoupling crowd, the 18 men, every one of them, succeeded in boarding the cross town car before the 2 women. The latter just had to stand back and look on while the lords of creation struggled and swarmed and scuttled into the vehicle, after which, the coast being clear, the two women meekly got on board and were permitted to gaze upon the 18 men, by this time all comfortably seated.

There wasn't so much as a suggestion from the men that the women should take precedence in the matter of entrance, much less that they were entitled to anything like assistance or even civility. It was, in fact, just as it always is, though that of course doesn't make it any the less regrettable. Because a thing has become habitual, that doesn't say that it is any the less indecent. The fact is that people have become perfectly hardened to seeing women subjected to this sort of thing. Familiarity has bred a kind of obliviousness. But, as a matter of fact, if the rampant reformers want to turn their attention to something that would be both practical and novel, let them tackle this subject of civility. Women have long talked "women's rights," meaning thereby those rights that women haven't. And men have long talked about the courtesies and favors that women receive in lieu of "rights." But, candidly, is not the one quite as much a missing quantity as the other?—New York Sun.

A Woman Oil Inspector.

Mrs. George A. Ireland has been appointed coal oil inspector at Chillicothe, Mo., by Governor Stephens. The appointment of a woman is unusual. Mrs. Ireland's husband died while holding the office, and his wife performed his duties until the term expired.

The women are marching on slowly, but surely. Five of them will sit in the local school boards of Philadelphia hereafter. This is one place where man's helmet certainly should feel at home.

Kate, Agent.

HIS CONDITION SEEMS SERIOUS.

Sam Davis, to quote his own words yesterday in referring to Mr. Lemmon, of the *New*, regarding a change of correspondents for the Associated Press gives play to his "rapid imagination" in a half column article on the occasion of Mr. Lemmon's removal as Press correspondent. A person reading the article would infer that a special correspondent in these mountain towns draws a princely salary and that the position is not only an important one, but very desirable, and its loss would be a serious drawback to a man's future prosperity.

We are not advised as to the remuneration received in Carson for such work, but assume that owing to the situation and size of the town, the conditions would be similar to those in Reno, and we have had some experience in such matters here. Our salary at this point usually amounts to about 60 cents a month for about \$10 worth of hard work. On one or two occasions we have received the magnificent sum of \$1.25 for perhaps a half column scoop. If Mr. Lemmon's experience has been similar to our own, and no doubt it has, the importance to him of the position will probably not cause him much loss of sleep.

From the *Flood District*.

Sam says, in referring to Mr. Lemmon, that "he used his position as a vehicle for his own personal likes and dislikes. He covered up the shortcomings of his friends and invented slanders to circulate about his enemies." Great Jehovahphat! The idea of Sam Davis using as impressive words as these, in criticism of another. It is a wonder that he did not choke. Did he ever use his pencil or his handful of type and rickety old press as a vehicle for anything of this character? How about the Charley Jones matter, and others that might be named? We thought yesterday, Sam, that you were getting peevish, but now we are almost convinced that the first symptoms of paresis are showing themselves, and you need a rest and change of occupation.

CAZAR REED SCORED

Hon Jerry Simpson, of Kansas, speaking on a question of privilege in the House of Representatives, Wednesday, gave Czar Reed a tongue lashing that the Speaker will likely remember for some time to come.

The occasion of Mr. Simpson's onslaught on Speaker Reed was an article in the *Forum*, by Hoar, in which appeared the assertion that the House was in an abject state; that the Speaker was all there was to the House; that he was an autocrat, that he had the House harnessed, owned it, and was clabbingly driving it, and in conclusion that he thanked the skies that the Senate was not like the House.

Simpson launched into Reed and swarmed all over him, called him a despot, and said he despised despots. He severely censured the Speaker for not abiding by rule 10 of the House, in the appointment of committees, and accused Reed of willfully omitting the appointment of committees, under the rule, in order to keep the power of the House in his own lap, and using his white or caprice as his interest might suggest, to knit or unravel the affairs of State. That he had disfranchised the House, robbed every member of his right and that as the article suggested he was the House and the members mere pollywogs simply permitted to occupy their seats and draw their salaries, without voice or influence.

Czar Reed endeavored during Simpson's tirade to control his self-possession and dignity, but it was plainly apparent by the expression of his face and its color that he was burning with anger. He stated that the House could correct him if he did wrong, and guide him if he went wrong, and that he was ready to answer the will of the House. Until the House moved he would assume that it endorsed his usurpation of its powers, his inants to its dignity with its full name.

THE TURK GROWING UGLY.

War preparations throughout the Turkish empire continue steadily, although there is not much change in the Eastern situation. There is much speculation as to the probable action of the Powers and there is considerable feeling at their failure in the attempts to coerce Greece. Bands of Greek brigands are entering Turkey in the vicinity of Grove and the Turkish troops have had several engagements with them. The situation is growing more serious every hour and it is reported that if the Turkish officers ascertain the presence of the uniform of the Greek regulars in the ranks of the aggressors, Edham Pasha will order the advance of the entire Turkish army and the war will be on dead earnest.

A SPECIAL to the *Journal* from Havana says: "A large insurgent force recently appeared in front of Fort No. 11 protecting the railway line between Cabraon and Remedios and opened fire with cannon. One of shells fell in the middle of the fort, killing seven men and wounding ten, the rest escaping. The insurgents then dynamited the railway bridge, interrupting communication between the cities. They also attacked Fort No. 12, forcing its surrender and securing arms and ammunition."

THE FAILURE OF A SAVINGS BANK.

A Novel Device.
A Loss of Over Eight Hundred Thousand Dollars in Currency and Bonds.
CHICAGO, April 9.—O. E. Chardill, cashier of the suspended *Globe Savings Bank*, for whose arrest a warrant was sworn out on a charge of embezzlement, surrendered himself today and furnished bonds for his appearance. President C. W. Spaulding and Vice President A. Daverill, for whom warrants are also out, have not yet put in an appearance. Developments to-day have brought out the fact that a far greater amount of the funds of the University of Illinois are involved in the suspension than has been supposed. Two years ago the State legislature appropriated \$22,000, of which, according to State law, enough was to be drawn out monthly to meet the current expenses of the University. It appears, however, that in consideration of 2½ per cent interest on the funds, the University trustees allowed Treasurer Spaulding to withdraw the whole sum from the treasury. This is admitted by the members of the board. Thus, not only \$20,000 worth of school bonds are missing, but \$22,000 in cash is tied up, making a total of \$82,000. To add to the complications, it is said that should President Spaulding be unwell to account for the funds, his bondsmen will refuse to be held responsible, the defense being that a private deal of that kind between the University board, the State's Treasury officials and Treasurer Spaulding is sufficient cause for release of their obligations.

From the *Flood District*.

WASHINGTON, April 9.—The people of the submerged district of the Red River of the North have declined the Government aid voted to them by Congress, on the ground that the water is now receding and the damage is not so great as anticipated, and that there are others more in need in other parts of the country.

GREENWOOD, Miss., April 9.—The Yazoo river fell two and a half inches at this place during the past twelve hours. Two-thirds of the water from Flower Lake is going through Coahoma county into the Sunflower river, and that section of the country is completely inundated. The Southern railroad track is nearly all submerged, through both Sunflower and Washington counties. Trains have been suspended from Ittabendia to Greenville, and all communication by telegraph with that country is cut off.

ST. PAUL, Minn., April 9.—A Mellens, S. D., special says: The surrounding country is flooded and the railroads washed out, and there has been no mail for two weeks. The James river has risen seven feet higher than ever before, and is a mile wide. It washed out three large iron bridges in the county. Large numbers of live stock have perished. All farm dwellings on the river bottom were swept away.

ST. LOUIS, April 9.—Nearly one and a half inches of rain fell here yesterday, and as a result the rivers in this section have risen. The Missouri shows an advance of six feet at Booneville, Iowa. Here the Mississippi rose 5 to 7.8 or 1.2 feet under the danger line.

TELEGRAPHIC NOTES.

The Poughkeepsie Glass Works were completely destroyed by fire yesterday; loss about \$100,000.

Hunter the aspirant for Senatorial honors from Kentucky came within one vote of an election yesterday.

A carload of fireworks exploded at Buenos Ayres, destroying a block of buildings and causing the loss of ten lives.

The Woman's National Christian Temperance Union has sent \$1,500 for the expenses of the White Ribbon nurses in Crete.

A dispatch from Madrid says the insurgents at Buna Vista, Guadalupe and Endang on the Phillipine Islands have killed several monks and burned the churches.

The rebel forces under Alex. Robriguez and Castillo continue active in Havana Province. They again raided Guiney Monday and sacked stores and set the Spanish barracks on fire.

Mrs Oraven, as a claimant to a portion of the Fair estate received another setback in Judge Slack's court yesterday. Her demur to Miss Birdie Fair's equitable complaint was overruled.

Congress has decided to grant a concession to a Honduras syndicate acting in conjunction with New York capitalists for an interoceanic railroad from Puerto Cotes on the Atlantic to Amatapa on the Pacific.

The Greater New York charter has been sent back to the Legislature with the disapproval of Mayor Strong of New York and Mayor Worcester of Brooklyn. Mayor Gleason of Long Island City approved the charter.

The loss by the great fire at Knoxville, Tenn., is now estimated at \$1,000,000, with \$600,000 insurance. Two persons perished in the flames and several were injured, two of whom it is thought fatally, and others are missing.

W. J. Bryan passed through Jacksonville, Fla., yesterday on his way to Tallahassee, where he spoke in the afternoon. He was suffering severely from the effects of a fall from a hotel piazza the night before at St. Augustine.

Buckley's Arms Salve.
The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles or no pain required. It is guaranteed to give perfect satisfaction or money refunded. Price 25cts per box. For sale by A. J. Pritchard, 3-27th.

RENO PUBLIC SCHOOLS.

Report and Honor Rolls for the Month of March 1897
To the Board of School Trustees—

GENTLEMEN: I herewith respectfully submit my report for the public schools for the school month ending March 20, 1897.

SPRING VACATION.

The week of rest allowed the schools by the Board has done much good. Teachers and pupils all return refreshed and strengthened, and we all feel better able to do the three months of work that follow.

TEACHERS' MEETINGS.

In the teacher's meetings in March the special subjects under consideration were language and composition. Miss Unruh, with her class, illustrated, before the teachers, her method in language. If the good results she is getting can be obtained in the rooms above, the Reno boys and girls will, in a few years, excel in their use of English.

Principal E. E. Cain of the Verdins schools addressed the teachers recently on the subject of composition.

He handled the subject in an original and interesting manner, giving the work in his own school in illustration of his ideas.

He held that composition should be a part of the weekly program of every school, and that, if rightly taught, it is to the children an interesting and profitable exercise.

Too often, the teacher makes composition a mere incident of school work, and as a result, little interest is taken and but slight progress made.

Proficiency in writing is as important as in history or geography.

I should have mentioned last month

a class exercise in numbered work, before the teachers, by Mrs. Logan.

She believes that pupils in the first year can accomplish more in numbers than they ordinarily do. Some of her pupils showed great ability in dividing numbers, that usually trip such little fellows, and all as usual showed unbounded interest in their work.

Below are the statistical tables and honor rolls.

TEACHERS AND DEPARTMENTS.

Mrs. M. F. Cain, Principal, High School.	Mrs. M. F. Cain, Principal, High School.
Mrs. Wm. F. Cain, Short Eighth Grade.	Mrs. Wm. F. Cain, Short Eighth Grade.
Mrs. Helen E. Johnson, Fourth and Fifth.	Mrs. Helen E. Johnson, Fourth and Fifth.
Mrs. F. E. Hobbs, Third Grade.	Mrs. F. E. Hobbs, Third Grade.
Mrs. Nichols, Kindergarten.	Mrs. Nichols, Kindergarten.

THE PIANO RECITAL.

Philip Krall's Pupils Give an Excellent Entertainment.

Professor Krall's piano recital at the Opera House last evening attracted a large audience. The program had been carefully arranged and the evening was one of perfect pleasure to music lovers. Space will not permit of individual mention, but Miss Adah French, Miss Louise Lauzon and Miss Enid Williams are among Professor Krall's oldest pupils and their excellent renditions of selections from Chopin and Kullak showed the thoroughness of their teacher. In expression, touch and general technique their execution was of artistic character and their playing fully demonstrated what the younger members of his class could accomplish with proper

individual training.

The songs of Miss Lottie Lamb and

Miss Kate Merklinger were gems and

pleasing features of the program.

The former has a sweet voice and excellent

control and with close study and care

full training will make a vocalist of

her merit. Miss Merklinger has a

voice of rare power and pleasing effect.

Too, with careful work she will add one

more to Reno's list of vocalists of note.

Prof. Krall has a right to feel proud of

his last year's labor.

WEATHER BULLETIN.

(Copyright, 1896, by W. T. Foster.)

St. JOSEPH, Mo., Apr. 10.—My last bulletin gave forecast of the storm wave to cross the continent from April 16th to 20th.

The next disturbance will reach the Pacific coast about the 21st, cross the west of Rockies country by the close of the 22d, the great central valleys 23d to 25th, Eastern States 26th.

The warm wave will cross the west of Rockies country about the 21st, the great central valleys 23d, Eastern States 25th. The cool wave will cross the west of Rockies country about the 22d, great central valleys 25th, Eastern States 28th.

The prominent feature of this storm will be the very cool weather that will accompany the cool wave.

The temperature of the week ending the 17th will average below normal and the rainfall will be the heaviest of the month.

It will be remembered that severe storms were expected not far from April 10th, and 17th.

OLD PEOPLE.

Old people who require medicine to regulate the bowels and kidneys, will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alternative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price 50c. per bottle at Hodgkinson's Drug Store.

Diphtheria Cure.

The testimony of a prominent physician:

FOUNTAIN, Ind., June 17, 1895.

This certifies that I have been using V. O. in my practice. I have never found any medical preparation in 46 years of practice that is calculated to do so much good in so wide a range of diseases and leave no after bad effects.

In Diphtheria it has proved a perfect specific in my hands, and I had rather depend on it alone in that dreadful disease than the whole popular Materia Medica with that left out.

T. W. TAYLOR, M. D.

For sale by T. P. Bradshaw, Agent.

BREVITIES.

C. H. Galusha of Carson spent the day here yesterday.

Read M. Nathan's new ad. in to-day's issue. It will be of interest to all who desire bargains.

Try the Nevada Hardware and Supply Company for dishes or anything in queensware, of which their stock is complete.

Henry Bitter maintains his reputation as a dispenser of liquid refreshments and never allows his patrons to complain.

The Nevada Hardware Company cannot be competed with in the crockery, glass or kitchenware line and their stock will convince any observer.

The University Social Club gave one of its regular monthly socials last evening. A large attendance, including some of the visitors from Virginia and Carson, proved an enjoyable evening for all present.

Don't fail to call on the Abrahams Bros. Only five days remain before the doors of their store will close and the splendid opportunity of purchasing men's and boys' clothing at less than San Francisco prices will be lost. Take advantage of the situation now.

Brother McLaughlin had an exciting experience at Folsom's store last evening. A flood of water came through the ceiling from the floor above and Mac damned everything in sight, including customers, but as an irrigation engineer he proved a dismal failure and did not succeed in damming the water.

Receiving and First Grades (Miss L. Unruh, teacher)—Jean Mosher, May White, Eddie Frisch, Louisa Corsiglia, Florence Bray, Elida Barber, Charles Hammersmith, Louise Tomachek, Roy Geddes, Scott Unsworth, Zilla Talbot, Josephine Hammersmith, Delta Skinner.

Receiving and First Grades (Mrs. J. K. Logan, teacher)—Frank Hyatt, Donald Wheeler, John Magann, Wilson Ryer, Nora Larson, Boula Ryer, Marguerite Goess, Laura Grandin, Zetta Wood, Luis Shantz, Elsie Hyatt, Helga Larson, Dora Ryer, Jamie Rebor.

Responsibly,
JOHN EDWARD BEY,
Principal.

Reno, April 7, 1897.

TWO LIVES SAVED.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctor she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her, and she says it saved her life. Mr. Thor Eggers, 130 Florida St. San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this remedy for coughs and colds. Free trial bottles at Hodgkinson's Drug Store. Regular size 50c. and \$1.

THE VIAVI CAUSE.

It is impossible to take Viavi into the system without benefit. It is purely vegetable and as a nerve and tissue builder has no equal. It can be used with perfect safety by the most delicate, and is used upon the smallest children.

Patrons of the remedy can consult our physicians free of charge. I will take pleasure in explaining its various uses to all who may call.

Mrs. B. E. Hunter.

Fourth St.

SHOES! SHOES!

For men, youths and children, fully 25 per cent cheaper than any place in town, for a few days only. Men's shoes at \$1.25 a pair; children's shoes at \$1 a pair, at the grand clearance sale of S. Jacobs, the leading clothier.
